

Module I:

Strategic Leadership & Innovation in Microfinance (with ESG Integration)

This module will integrate ESG principles into strategic leadership, focusing on how executives can develop business models that are not only financially sustainable but also socially and environmentally responsible. Participants will explore how ESG factors are becoming central to microfinance and financial inclusion, driving long-term value creation and responsible innovation. Case studies will highlight organizations successfully incorporating ESG into their leadership strategies, with a focus on social impact, environmental responsibility, and governance.

Module II:

Advanced Financial Management and Risk Mitigation

This module teaches advanced financial management techniques for optimizing performance and managing risks. It covers financial analysis, portfolio management, and securing sustainable funding, aimed at enhancing decision-making in microfinance institutions.

Module III:

Regulatory Compliance and Ethical Governance

This module emphasizes the importance of regulatory compliance and ethical practices. It provides insights into navigating complex legal environments, promoting transparency, and ensuring client protection, supported by real-world case studies.

Module IV:

Digital Transformation and Technology in Financial Inclusion

This module explores the role of technology in expanding financial inclusion. It covers digital financial services, fintech innovations, and cybersecurity, enabling executives to lead digital transformation and leverage technology to reach underserved communities.

This 3-day course is a comprehensive training program aims to equip managers and senior executives with advanced skills, strategic insights and practical tools necessary to drive sustainable growth, manage risks and innovate in the field of microfinance and financial inclusion.

Target Audience

This course is specifically designed for managers & senior executives of Microfinance Institutions (MFIs), financial cooperatives & fintech companies, Government officials & policymakers responsible for financial inclusion strategies.
